

# Wine cellar tastings at Dantosa

Savour the tastes of the local wine growing regions in Dantosa's very own underground cellar.

## Sniff, swirl, sip. A sensory experience to enjoy with your guests.

Dantosa's cellar was designed by a French cellar expert and is nestled underground, in a hill on the property behind the cottage. The cellar is triple-brick vaulted with a capacity for 8,000 bottles and can take groups of up to 20 people.

Wine-tastings are conducted by local experts, such as Terry and Julie Dolle, the owners of Orange Mountain Wines, a 5-star winery in James Halliday's 2015 Wine Companion. Their vineyard was first established in Manildra in 1997, and then in Orange in 2001, on the slopes of the extinct volcano Mount Canobolas. Orange Mountain was one of the first vineyards to plant Viognier grapes and to have discovered that the variety has an affinity with Orange's unique cool climate, producing elegant high quality wines. At your wine-tasting, our panel expert will showcase a selection of wines for your group, including sparkling wines, reds, whites and dessert wines. The vigneron will speak about the wine making process for each selection, as well as recount stories of life as a wine-maker. A cheese platter will be provided to accompany the wines.

The cost of a wine-tasting is \$495 for up to 15 guests. Additional guests are \$10 per guest.
